

## Philomath Community Gleaners

**Who Are We?** We are moms and dads, children, veterans, homeless, disabled, elderly and medically fragile, We are the families and neighbors of our community. Many of us fall into an income gap and do not qualify for other resources of food assistance.

### What We Do

We rescue food that would otherwise go to waste from stores, restaurants, farm fields and backyards. Fresh, healthy food harvested by Gleaners is distributed to our members and shared with other Partner Agencies. Elimination of food insecurity in our community is our goal.

### Who Can be a Gleaner?

Philomath Community Gleaners serves Western Benton County including the City of Philomath and Western Corvallis.

Members contribute 8 hours per month to support our 100% volunteer program.

Adoptees: Households in our community that are unable to contribute volunteer hours qualify for our Adoptee program. Currently, we distribute 130 boxes of food per month to our adoptee families.

### Income Guidelines

We serve families fall below 200% of Federal Poverty income guideline. A 2-person household can earn \$33,820/yr. and a family of 4 can earn \$51,500/yr.
